INTERNATIONALIZATION PROCESS POLICY Ver. 2.0

Policy Statement:

BITM envisages Internationalizing Programs by establishing International linkages with reputed Foreign Universities.

Goals:

The Goal of BITM is to make all UG & PG Programs in accordance with the International standard and appealing to the global audience. The objectives to Internationalize the Programs are:

- Faculty & Student Exchange Programs.
- Inbound International Study Tours.
- Outbound International Study Tours.
- Inculcate Cross-Cultural Sensitivities among staff and faculty.
- Conduction of Seminars, Conferences, Webinars & Workshops.
- Joint Publication of quality papers in International Journals.

Faculty & Student Exchange Programs:

The Faculty & Student exchange programs envisages collaboration with renowned International Universities and Colleges. The program reflects the significance of International exposure in shaping student/faculty knowledge and experience, and acknowledges the increasing demand for global citizens in the competitive world. The concept of the exchange programs entails that students pay for their academic work and also pay for transportation and accommodation. The faculty exposure will be borne by the institution. The exchange program provides the participants with highly needed international exposure.

As the students are working in diversified fields and many are working in multinational companies, the exchange program is of a great benefit for them as it allows them to have a broader and international vision. This definitely adds to their knowledge and gives them a good chance to have a global vision.

Inbound International Study Tours:

BITM envisages to host student tours from International Universities and Colleges. The objective of these tours is to provide foreign students with

International exposure in terms of academic content and interaction with diverse peers and faculty members of the institution.

Outbound International Study Tours:

The BITM UG & PG programs envisages organizing a study tour to Asia-Pacific Universities. The main goal of this study tour will be to offer the students a hands-on international experience that is highly needed in today's world. BITM envisions partnering with International Universities. During the intensive week, the participants would be exposed to current practices through professional visits and exchanges, supported by lectures that provide insights into International opportunities, economic and social perspective.

Conduction of Seminars, Conferences, Webinars & Workshops:

BITM along with collaborated University of college will organize seminars, conferences, webinars and workshops in the relevant field. The expertise and resource person will be jointly pooled to conduct the events. The expenses incurred for conduction of events will be borne mutually by the organizing and collaborating University and colleges.

Joint Publication of quality papers in International Journals:

BITM Research Centres along with faculty members from the institution and the collaborating University or College will jointly publish papers in international journals and conferences based on the expertise which is aligned with the area of interest.
