Dear Mr. Christopher Raj,

We acknowledge and appreciate your request to visit our industry on 29<sup>th</sup> February 2024 and we are pleased to confirm the same.

- a. We commend your efforts in educating students on technical and market competition aspects. As responsible industry
- b. Recently, we've observed instances where students visit industries without adequate preparation, showing minimal interest in a disciplined manner, ensuring that efforts from both your institution and ours yield fruitful results.
- c. Kindly instruct your students to familiarize themselves with our industry beforehand. This preparation will enhance the learning experience.
- d. Safety is paramount. All students must wear appropriate shoes for their safety. We will provide helmets and conduct a safety briefing.
- e. To maintain a focused learning environment, we request that students leave their phones with their faculty during the visit.
- f. We value the students' commitment to learning. As a post-visit assignment, we encourage them to prepare a brief report and summaries submitted.

We believe that adherence to these guidelines will contribute to a more enriching educational experience for the students. We look forward to your visit.

Best regards,  
Veerana Gowda G - Manager - HR  
HalleysBlue Steels Pvt Ltd
